Maestro Dario De Rosa

The College and the International School of Music "Trio di Trieste" mourn the death of Maestro DARIO DE ROSA.
A member of the famous "Trio di Trieste", he was one of the founding fathers of our School of Music, where he served as a teacher for almost 24 years.
Together with the hundreds of musicians and students who had the privilege to attend his classes, we remember him with deep gratitude for his commitment to music and the values of the UWC Movement.

In memory of ...

Giorgio Pontoni

Rag. Giorgo Pontoni

This year, UWC Adriatic suffered a truly tragic loss. On March 26th, Giorgio Pontoni, the College's devoted Secretary General, sadly passed away. He had spent his entire professional life working for the College in various different capacities, since 1974 - before it was even born. He will be greatly missed by all those who met him.
As the College's first Director of Administration, he was tireless and essential in the birth of UWC Adriatic, committing everything to overcoming all obstacles and realising a vision of the College that survives to this day. His deep conviction that any barrier could be overcome was rooted in his love of the region and in his deep religious faith, and this conviction and positivity was transmitted to all who met him, while his genius was invaluable in surmounting the legal and administrative problems that the College faced.
After 13 years of service to the College, Giorgio returned to the Regional Administration of Friuli Venezia Giulia for a time, until the College asked for his help with the accounting of a community project in 2006; despite his recent retirement, his involvement in the College only grew from there and his experience in all areas was a great boon to all. In 2008, Giorgio became the College's Secretary General, forsaking other opportunities in order to dedicate himself to the College that he loved so much, a great source of happiness for him, and the College as it is today owes him a great debt for the administrative and institutional relationships he established, for the role he played in ensuring the College's survival in difficult economic times, and for the personal relationships he held with so many College employees; these ensure that he will never be truly absent from the College he was so vital in creating, or from the people that populate it.
The funeral took place in Gorizia, Chiesa di Sant'Anna, on Tuesday 2nd April. Giorgio is survived by his daughter Elisabetta and his beloved grandson Paolo, but is reunited once more with his dear wife Gianna. His legacy will long continue to protect and serve the College, as demonstrated by the College President's words at the Closing Ceremony for the academic year: "Defining him irreplaceable is not an hyperbolic statement. It is just a fair assessment of the contribution he made to the foundation and development of the Adriatic."

"A person's death is always an unfathomable tragedy for all those left behind. Even more so if the deceased was loved, respected and admired as is the case of the person we are accompanying in his last, brief stretch of his passage on earth... A tragedy for all and every one of us who had the rare privilege of knowing and loving him."
"The fraternal friendship that united me with Giorgio over a lifetime allowed me to see his noble soul in its most concealed folds. I soon realized that he combined an exemplary sense of duty with a rare moral rectitude, that he cultivated in both his private and professional life, a lively and intuitive intelligence, profound honesty, and lastly, a profound sense of humanity that clearly emerged from an innate kindness as well as from an illuminating and solid religious faith, in which he grew up from his early years and which accompanied him until the end of his earthly days."

30th Anniversary Celebrations

2012 represented an important milestone both for UWC Adriatic and the UWC movement as a whole. In a year of twin anniversaries, we celebrated half a century since the foundation of the UWC movement in Wales in 1962, and 30 years since the establishment of our college in Duino in 1982.

The former Italian Minister of Education, Prof. Francesco Profumo surrounded by students during his visit to the College.

Celebrations began on the 19th-21st of September 2012, but continued throughout the academic year.

The 19th of September saw a visit from the former Italian Minister of Education, Prof. Francesco Profumo. After a day of speaking and joking with the students, Prof. Profumo conveyed his admiration for the outstanding multicultural community fostered at UWC Adriatic and, before returning to Rome, expressed his gratitude to the teaching and administrative staff for the "life-changing experience" that they offer to the leaders of tomorrow.

On the following day the celebrations continued with a visit by the UWC Adriatic community to the "Ara Pacis Mundi" in Medea, where the College's 31st Academic Year was opened with the traditional display of colourful flags from 88 countries, representing every continent. On the way to the monument, respects were paid at the Italian Military Sacrary and the Austro-Hungarian Cemetery of Redipuglia, in memory of the young who died during the First World War.

The three-day celebrations drew to a close on Friday 21st September, Peace One Day. For the second time, the College community celebrated this UN International Day of Ceasefire in Piazza della Borsa in Trieste, with an impressive display of flags and international songs and dances

30th Anniversary Celebrations

After the three days in September 2012, celebrations continued on 15th March, 2013 with a special evening called "Uniting then and now", organized at the historical and prestigious "Teatro Lirico Giusppe Verdi" in Trieste. The special evening was divided in two parts: a talk-show to celebrate the most important figures of our College's first 30 years and the "Uniti nell'arte" show performed by current students.

The talk-show, led by alumnus, actor and journalist Janko Petrovec (Slovenia, UWC Adriatic 1988-90) focused on the founding figures of both the UWC movement and UWC Adriatic. During the talk Janko was joined by Dr. Michael Price and Ambassador Gianfranco Facco Bonetti, current Rettore and President of the College. Later onArrigo Levi, Life Patron of the College and Antonin Besse, Honorary Vice-President of the UWC Movement, also joined the talk. Last but not least, David Sutcliffe, founding Rettore of the College, and alumnus Yves Aka (Ivory Coast, UWC Adriatic 1985-88) joined the session for the final part.

During their discussion the speakers highlighted the importance of education as a means to change and transform the world and concluded with a tribute to On. Corrado Belci, founding President of the College, who passed away on 3rd May, 2011. Corrado Belci's determination and dedication were essential to the foundation and the establishment of the Adriatic College during its first years. After the talk-show , our students put on their "Uniti nell'arte" performance, produced entirely by them, to share the values of brotherhood and friendship animating UWC Adriatic with the audience. The colourful show was a perfect example of how the College promotes mutual understanding and dialogue among different cultures.

The unique diversity of our student community

2012-2013 Academic Year

La Scuola dei Sogni

On 23rd April, MTV Italia News aired a special hour-long documentary about UWC Adriatic, featuring as protagonists five of the College's Italian students. Shot exclusively in the college and around Duino during September to November of 2012, the documentary was entitled *La Scuola dei Sogni* and focussed on the messages of peace, international cooperation and cultural understanding that characterise the UWC Colleges.

Praising the way in which students are trained to be useful in society and selected not only on academic potential but also on a commitment to doing good in the world, the documentary followed five Italian students. Through them and their interactions with other students, the special told the story of the unique, multicultural nature of UWC Adriatic, as well as showcasing the broad range of talents represented here, from parkour and juggling to acting, and from an interest in medicine to playing in a rock band. If you missed the special, you can still watch it on our YouTube channel, at:

Being filmed for a few days hasn't been easy: once I spent too much time explaining a typical college morning to the camera and then I had to run to class and ended up being late for Maths; but as a result of the special, our thoughts and messages are being delivered to many people who didn't even know UWC existed beforehand, which is uniquely satisfying."

Universities Fair 2012

By the end of the two-day event, both students and delegates felt a great deal had been learnt and achieved.

The following institutions were represented:
Agnes Scott College; Bennington College; Bucknell University; Davidson College; Earlham College; Luther College; University College Maastricht; Methodist University; Princeton University; Ringling College of Art and Design; St John's College; St Olaf College; Wartburg College; Westminster College; University of Freiburg.

Living together is the future

On the 9th-11th September of this academic year, 2 of our staff and 9 of our students travelled to Sarajevo on behalf of UWC Adriatic to attend an International Event entitled 'Living together is the Future - Religions and Cultures in Dialogue'. This assembly of different religions, nations and cultures in the name of peace was conceived by Pope John Paul II in Assisi in 1986, and has been an annual event ever since, organised by the Community of Sant'Egidio. UWC Adriatic attended as part of the official delegation from the Region Friuli-Venezia Giulia, chosen by the Region as a real-world manifestation of the event's ideals: bringing together people from throughout the world in peaceful harmony. The College was an audience to many significant religious figures, including the leaders of the Christian and Muslim communities in the Balkan region, and over the three days attended plenary sessions and workshops put on throughout the city in various schools, universities and other cultural institutions. The students thoroughly enjoyed the event, thought-provoking and moving as it was, and both its existence and their presence at it are an encouraging demonstration of the Region's and the College's commitment to peace throughout the world.

Discovering "made in Friuli Venezia Giulia"

Every year our students take part in the programme *Discovering "made in Friuli Venezia Giulia"* designed to introduce our students to Italy's unique heritage in terms of the Region's excellent businesses and industries.
On a two-year rotation, our students visit the:
- Fincantieri shipyard in Monfalcone;
- Wärtsilä marine diesel engine factory in Trieste;
- Illycaffè factory in Trieste;
- Calligaris furniture factory in Manzano.

Every visit represents an outstanding opportunity for both our students and the companies. Thanks to the success of these visits, the College will continue to extend the programme to involve other centres of excellence.

Closing Ceremony 2013

UWC Adriatic graduation class of 2013 sing their fairwell song at the end of the Closing Ceremony

On 23 May 2013, the 31st UWC Adriatic Closing Ceremony was held under the marquee in the courtyard of the Foresteria. 97 *second-year students* were celebrated and rewarded for their hard work and commitment to the College from 2011 to 2013, and over 500 guests came together to celebrate the closing moments of their biennium in Duino. Comprising various impressive musical performances, inspiring student speeches and the presentation of awards and graduation certificates, this 31st Closing Ceremony drew to a close the 31st Academic Year of UWC Adriatic, the 31st day of farewells and tears. We had the privilege to welcome Debora Serracchiani, the new President of the Autonomous Region of Friuli Venezia Giulia and Igor Gabrovec, the Vice-President of the Regional Council.

President Serracchiani at the Closing Ceremony

President Serracchiani described UWC Adriatic as "the picture of the world we would like to have", and credited it with portraying "a developing Europe, evolving into the United States of Europe".

Promising a year of "strong, fruitful and proactive cooperation between the College and the Region", she emphasised also the College's role in strengthening international relations, especially in Friuli Venezia Giulia.

Later, Amb. Gianfranco Facco Bonetti, the President of UWC Adriatic, spoke, paying his respects to the late Giorgio Pontoni, the College's Secretary General, about whom he asserted that "irreplaceable is not a hyperbolic statement" after his lifelong service to the college; also to Maestro Dario de Rosa, one of the celebrated founders of the Trio di Trieste and a great contributor to chamber music at the College.

The President, expressing his firm belief that all the young adults graduating would become "through their own proactive engagement, leaders in

Amb. Facco Bonetti reading "IF" with students

the community they will be living in, committed to make a positive difference", spoke about the importance of compassion and the desire to seek knowledge and innovation, before celebrating the College's achievement of overcoming financial difficulties and remaining able to admit students purely on the basis of merit and potential.

His speech ended with an emotional reading of Rudyard Kipling's *If* with a group of students, and a fond farewell on behalf of the Duino community that they would never truly leave behind.

After the Rettore Dr. Michael Price's subsequent speech thanking the community, all the staff and the students and bidding a fond farewell to Anne Brearley, Annemarie Oomes and Blaise Henry from the teaching staff, as well as the counsellor Melinda Tucker, the *secondi* were presented with their graduation certificates and all made their way to a buffet on the Fore lawn. As the class of 2013's time in Duino drew to a close, emotions were running high, but what was patently clear was that

President Serracchiani welcomed by a student

the community forged in the fires of the hard work of UWC Adriatic's leaving class is a community that will remain strong, and that will make a significant impact on the wider world.

Ing. Carlo de Benedetti donates a full scholarship

On 19th March, the engineer, industrialist and publisher Ing. Carlo De Benedetti paid a visit to UWC Adriatic to run an International Affairs session entitled 'Europe Must Step Up To The Challenge'. In this highly 'international' setting of almost 200 students from 88 different countries around the world, he spoke about the situation in and the future of Europe, offering ideas about what has already been accomplished and what challenges still remain.
Discussion was opened to the floor and continued afterwards in a smaller group of students from Armenia, Austria, Iraq, Italy, Jordan, Poland, Serbia and USA, and, saying that he was amazed by the ethos of the College and by the students' ability and commitment to the important issues of the day, he decided to donate a scholarship for the next academic year to a student from South Sudan. The smaller discussion group had focused attention on the political, social and economic states of various countries, and the decision to donate the scholarship to South Sudan was based on their discussion of which country, in difficult economic conditions, deserved it most.

"Premio alla bontà Hazel Marie Cole" award

This year saw the 13th iteration of the 'Premio alla Bontà Hazel Marie Cole', an award which provides students with pocket money for the year. The award was instituted by Dr. Aldo Pianciamore in memory of his wife, Hazel Marie Cole Pianciamore, and has now benefited over 120 students from UWC Adriatic. Dr. Pianciamore and Marquise Etta Carignani, the Secretary General and President of the Foundation, presented this year's 12 students with the awards.
Those selected for the award are students from particularly difficult backgrounds who do not have the economic means to sufficiently cover their own minimal personal requirements, and thanks to the pocket money provided, they can improve the quality of life they lead here in Duino for two years. The award is not just of economic benefit, however, but is a reminder that the world contains kindness and generosity, one that Dr. Pianciamore hopes will be an inspiration for other, similar acts of generosity.

In memory of the prize and their stay in Duino, the students received a medal depicting Hazel Marie Cole.
The prize-winners for the "Premio alla Bontà Hazel Marie Cole 2012" are:

Fondazione CRTrieste Prize

The sun shone on the marquee set up in the Foresteria courtyard to host UWC Adriatic's 31st Closing Ceremony, during which the "Fondazione CRTrieste Prize for the promotion of the Italian language in the world" was awarded. Now in its sixth year, the Prize was instituted by Fondazione CRTrieste to recognise non-native speakers of Italian who had distinguished themselves in learning Italian during their two years at the College in Duino. In the presence of a representative from Fondazione CRTrieste, the prize was awarded to this year's winners:

Katarina Licha (Slovakia); Andrew Troska (U.S.A.);
Ghita Guessous (Morocco).

The prize recognises the effort and dedication that the over 170 non-Italian students at UWC Adriatic apply to learning Italian each year.

Mary Myers donates netbooks to UWC Adriatic

Mary Myers personally donated laptop computers (netbooks) to three of our students in the 4th year of the "College Netbook Project". The netbooks were awarded to the students during a ceremony just before the Winter break.
Mary's commitment to UWC Adriatic begun in 2009 when, thanks to her link with the Harvard Club of Italy, we were able to establish the Project, which aims to provide netbooks to students whose financial backgrounds would otherwise prevent them from having access to a laptop computer.

The College would like to thank Mary for her continued support in this project, which over four years has provided more than 20 students with a fondamental element for their education.

Reunion 2013 - Time to Give Back

Reunions are not only an anniversary celebration but also represent an important moment for our alumni to reflect on the value of the two-year experience they lived in Duino. Alumni giving is playing an increasingly important role in the College development and Reunions are an opportunity to engage our graduates and commit them to give back.

2001-03 Generation Gift :

The 2001-03 Generation decided to use their ten-year reunion to increase their level of participation in the Annual Fund Campaign, both through single donations as well as using the on-line recurring gift option.
The result was that, compared to the previous year, the number of their co-years donating and the total amound raised has not only increased but has indeed tripled!
It is encouraging to see such support from young alumni who are completing their studies or just starting out on their careers and we are confident we can build on this commitment!

1990-92 & 1991-93 Generation Scholarship:

Pooja Nikalje

In June 2012, following their 20th Anniversary Reunion, a group of alumni from the 1990-92 Generation promoted a campaign to give back to future generations. This year, the 1991-93 Generation joined them to achieve a collective goal of raising a Scholarship to fund a student at the college, starting in September 2013.

By the end of august 2013, at the close of our Fiscal Year, the Campaign had raised 25,000 €
Pooja Nikalje from India is now attending her first year at UWC Adriatic thanks to this result!

The 1990-92 and 1991-93 generations have expressed their hope that this scholarship drive will be an inspiration for other generations to follow, so as to create a consolidated network of alumni giving.

Your commitment has allowed us to continue with our full scholarship policy which lies at the heart of our vision.
In addition to our governmental partners, we wish to recognize the support we have received from our private donors - both institutions (banks, foundations, corporations) and individuals - including our alumni.

And our special thanks to the Italian tax-payers who allocated their "5 per Mille" enabling the College to receive 60,300 € this year, and whose names we do not know and cannot thank in person.

In the list below, UWC Adriatic Alumni are indicated by their generation (e.g. 1982-84);
* identifies donors who have given consecutively for 3 or more years; (p) identifies UWC Adriatic Alumni Parents;
(e) identifies UWC Adriatic current and past employees ; (ia) identifies donors of the Italian UWC Alumni Network.

"I find it difficult to describe the UWC movement. Maybe the main reason for it lies in the fact that it is based on certain values, which are quite rare today, such as courage and noble-mindedness. We all have a specific, life-changing moment on our "timeline", and I am sure that each and every UWC student will consider his/her experience as something remarkable... And it is only the beginning of your life journey! If you make the most of these 2 years you will have many reasons for happiness. I am really grateful for being part of UWC, and grateful to Alumni for making it possible and for believing in this. They gave me a chance to develop a personality that will look for the flowers in the hair, not diamonds around the neck"

Stories of Donations

The UWC Adriatic Alumni Challenge 2012-13

Alumni gift matching : the present and future of the UWC Adriatic Annual Fund

For the second consecutive year, the UWC Adriatic Annual Fund Campaign has been featured with the Alumni Challenge in which every donation of € 1,000 or more received from UWC Adriatic Alumni would be doubled in value thanks to the matching committment of the Annual Fund Committee. Gift matching is a powerful way to engage alumni in a collective effort to enhance the College's fundraising efforts.

Having a group of eight UWC Adriatic Alumni who joined forces to challenge the rest of the alumni community in a gift-matching fundraising operation for the College highlights the importance of the education and the experience provided by the United World Colleges.

Thanks to the personal commitment of the Annual Fund Challenge Committee, 36 alumni (and partners) accepted the challenge in an overall achievement of 95,500 Euro!

THE CHALLENGE COMMITTEE

The Annual Fund Challenge Committee is a group of leaders who, together, challenged other UWC Adriatic alumni to increase their annual gifts to support College operations and strengthen the school to fulfill its mission for generations to come. The Italian Challenge 2012-13

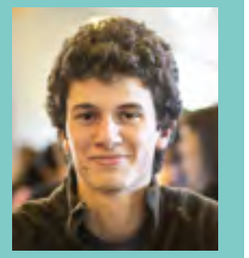
Following the heartening responce received last year; our Development Office together with the Association of Italian UWC alumni, decided to renew the Challenge with a more ambitious target: to fund two full Italian scholarships!

Thanks to the increased matching commitment of a generous Italian alumnus, the Challenge raised 86.000 €
This result allowed the 1st and 2nd ranked students of the Italian Selection to join the UWC Community.

Si chiamano Pietro Poggiali ed Emma Russo e vengono rispettivamente da Firenze e da Padova i due studenti, primo e seconda in graduatoria, che beneficeranno delle due borse di studio raccolte grazie alla campagna promossa dall'Associazione Italiana Ex Studenti dei Collegi del Mondo Unito assieme al Collegio del Mondo Unito dell'Adriatico! Pietro andrà al UWC Red Cross Nordic mentre Emma frequenterà UWC Adriatic.



Con immensa soddisfazione e gratitudine pubblichiamo un breve messaggio dell'ex studente che ha triplicato le donazioni, rendendo possibile il sogno di Pietro ed Emma!

"Carissime/i compagne/i dell'avventura UWC, vi abbraccio forte nel ringraziarvi delle donazioni fatte anche quest'anno per arrivare a questo generosissimo risultato. Mai sono stato così felice anch'io di tirare soldi fuori dalle tasche! Ripeteremo il matching program anche l'anno prossimo, quindi prepariamoci all'emozione di leggere lettere o vedere in tv* i "nostri" studenti! Sono convinto che assieme riusciremo passo dopo passo a sensibilizzare le altre centinaia di ex-studenti italiani a partecipare a quest'iniziativa.
Basta poco, ma tutti assieme possiamo veramente fare la differenza! Rimango anonimo perché questa è una vostra vittoria, e tale deve rimanere. Vi abbraccio con nostalgia, affetto ed emozione"

Un ringraziamento di cuore a tutte le 1063 persone che hanno voluto destinare il 5 per mille a sostegno del Collegio del Mondo Unito dell'Adriatico di Duino e delle sue attività.

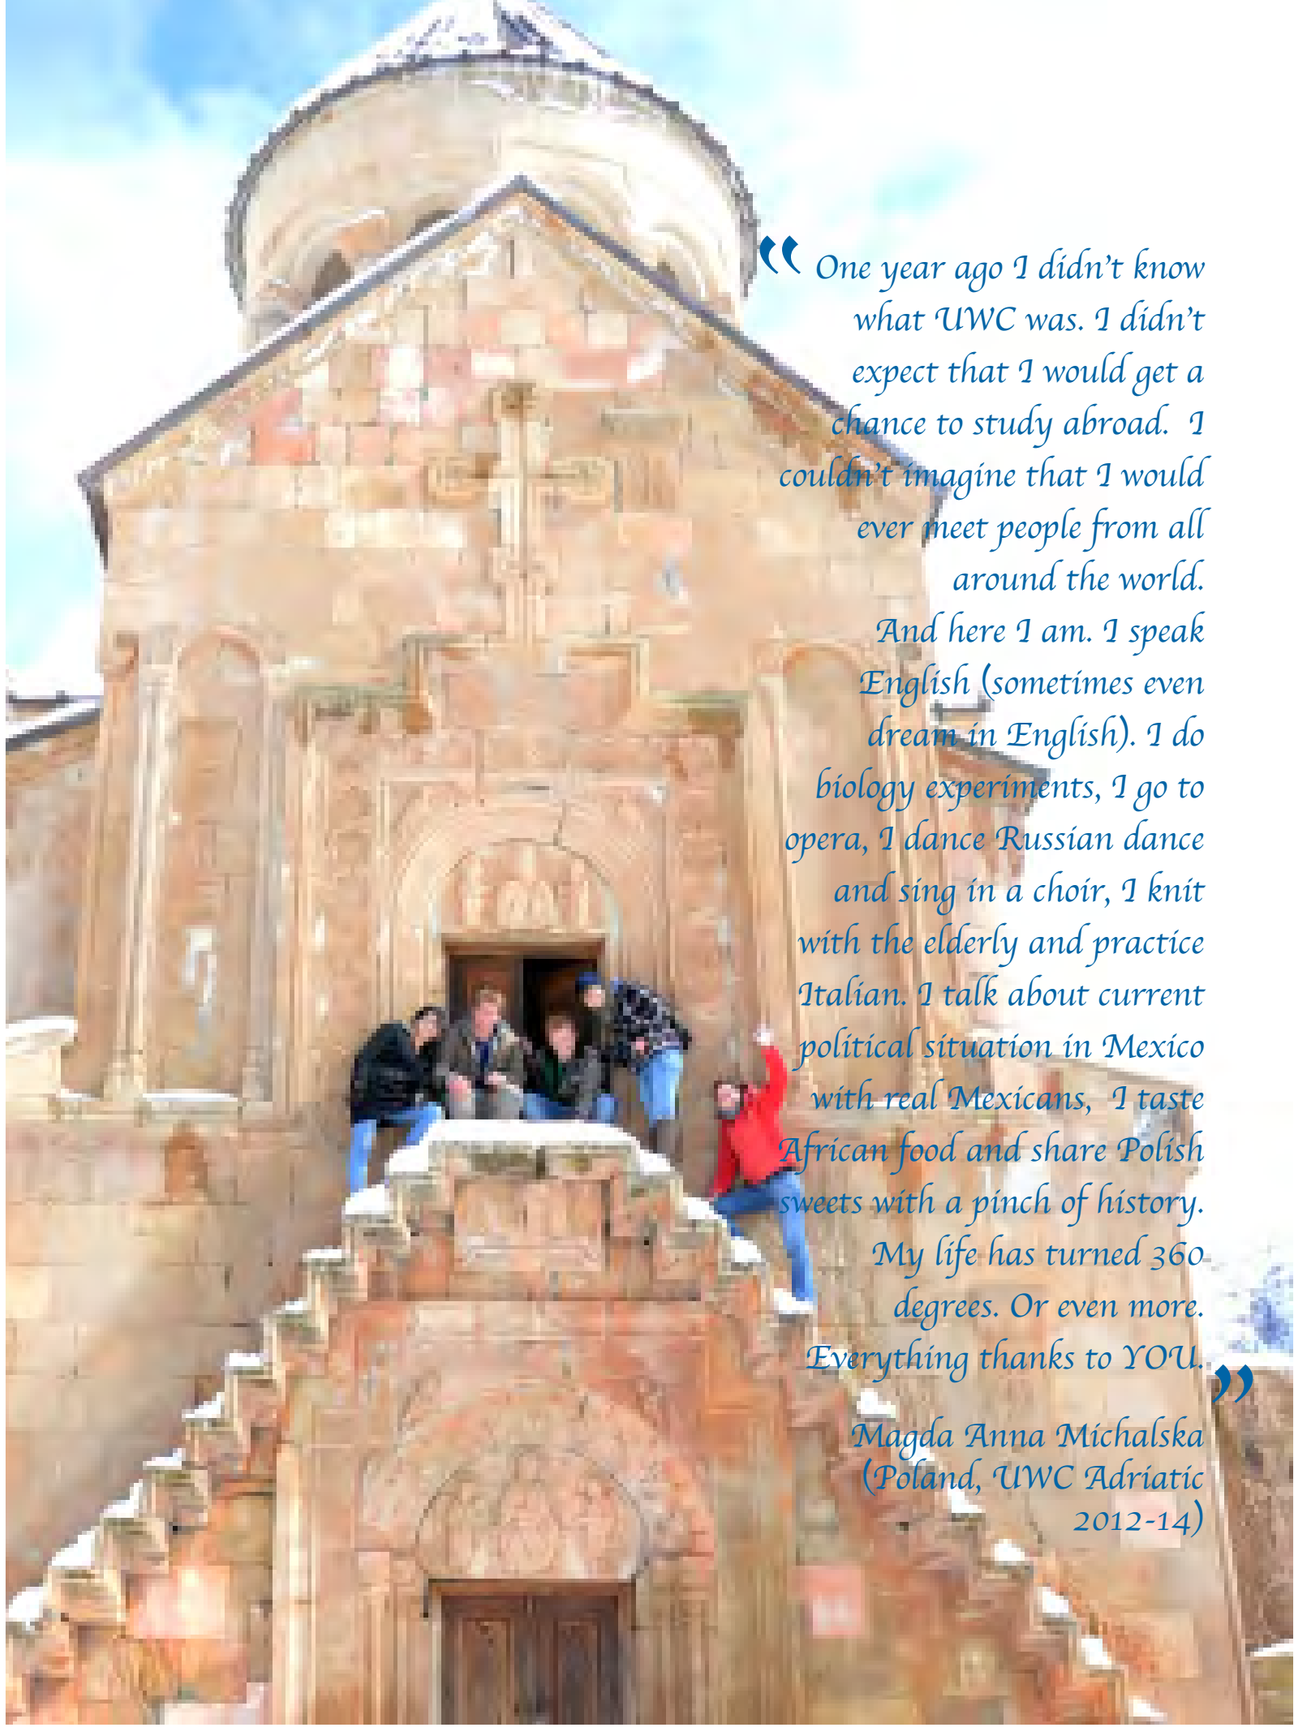
Corporate Matching Gifts for donations to charitable organisations is a powerful scheme to double, or even treble donations and we are pleased to recognize the support of these five companies, whose matching gift programmes have increased the value of donations made by their employee-alumni:

Social Service remains at the heart of the UWC experience



"One year ago I didn't know what UWC was. I didn't expect that I would get a chance to study abroad. I couldn't imagine that I would ever meet people from all around the world. And here I am. I speak English (sometimes even dream in English). I do biology experiments, I go to opera, I dance Russian dance and sing in a choir, I knit with the elderly and practice Italian. I talk about current political situation in Mexico with real Mexicans, I taste African food and share Polish sweets with a pinch of history. My life has turned 360 degrees. Or even more. Everything thanks to YOU."
